
COTSWOLD DIESEL RAILCAR

SALE OF CLASS I 17 W51372

JUNE 2023

Cotswold Diesel Railcar Ltd.
Churchward House,
The Railway Station
Winchcombe
Cheltenham
England
GL54 5LD

Offers are invited for the purchase of Class I 17 DMBS, 51372. A review of the current CDRL fleet has deemed the vehicle surplus to requirements and so it is time for it to move on to another home.

No.1 engine briefly started when we were checking it over prior to advertising although the lack of fuel in the fuel tanks meant we couldn't properly prime the fuel lines. No.2 engine is not included in the sale but a spare block and 2 heads will be included. This block has been sat outside for several years so it is seized but it is intact.

The gearboxes, final drives and bogies appear to be in good condition, the frame of the vehicle is reasonably good and the mechanics and electrics are almost entirely complete. Most of the bodywork panels are corroded, and the drivers side guards door has fallen off its hinges. The non-smoking compartment interior has been converted for wheel chair access, the main compartment has been largely stripped.

The vehicle is sold as seen, with no warranty and no returns. Viewing is recommended, although pictures are attached below. Additional spares like the window frames and angle drive gearboxes are likely to be included.

Offers to be returned via gwsrdmu@gmail.com only
