## TRAIN LIGHTING EQUIPMENT

F E A T U R I N G

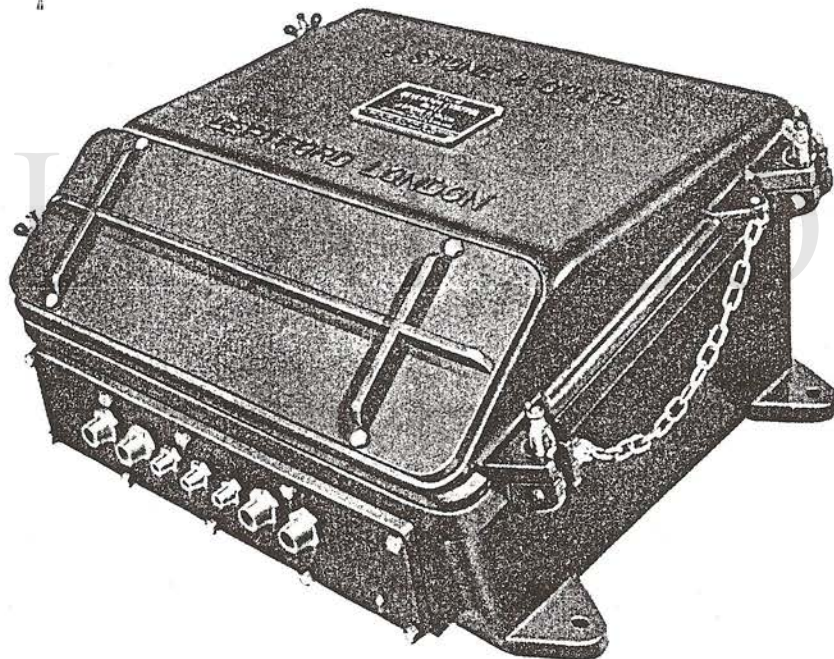

# DUAL REGULATION

## “TONUM” GENERATOR CONTROL PANEL

### Type S.80/T2 and S.300/T2

ENCLOSURE : TOTALLY ENCLOSED

The enclosure, of robust construction, is manufactured from one of Stone's special aluminium alloys. It is finished in stoved black enamel. The cover closes on to a weather proof seating and is clamped in position by four wing nuts. A smaller easily removable cover, is provided to facilitate cable connection and inspection.

The enclosure is normally mounted on the underframe of the coach.
